

# GCSE Science revision guides

These revision guides cover everything you need to know for WJEC GCSE Science Double Award Y10 and Y11. In the shops, they cost £12.95. As a school, we can bulk order direct from the publishers and they cost £6.50 each.

If you would like to buy a revision guide through school, please bring **£6.50** to the **science technicians' laboratory (FE04)**.

NB If you are doing Triple Science, these are still very useful, but they do not contain the additional topics that you will cover.
